

Luxgrove exchange contracts on a consented scheme in Bromley, London.

Luxgrove Capital Partners (“Luxgrove”), a leading specialist real estate investment, development and asset management firm, announces the acquisition of a consented development site on Lawrie Park Road, Bromley, London.

Lachlan Ross, Founding Partner & Chief Investment Officer, commented:

“We are very pleased to be able to announce the first investment by LRVA Fund in Bromley where we intend to be focused on sourcing development opportunities. Luxgrove is now actively looking to source similar investments for its residential development fund and segregated accounts, where we can use our proven asset management skills to create value.”

William McKenna, Founding Partner & Executive Director of Asset Management, commented:

“With its architecture, interior design specification and balance of amenities, this development will set a new standard for family living in Bromley. We are excited to kick off construction as soon as we complete the acquisition and look forward to delivering the scheme by Q2-2022”

About Luxgrove

Luxgrove is a vertically integrated, full-service real estate investment manager with a successful track record investing, developing and responsibly managing real estate assets across London and the South East, with an established expertise in residential housing.

Our focus is providing personalised real estate investment management services to deliver superior risk-adjusted returns to committed discretionary funds and segregated accounts we manage and advise.

We are experienced professionals in the areas of portfolio management, financial management, asset management and property management. Within our fully integrated platform our teams work to a clear investment philosophy and within a rigorous, research driven, investment process.

Our investment scope has range and resource. We are an experienced investor, owner, operator and developer of real estate, with diversified exposure to the London and South East real estate market.
